

Scion eSports at CyPhaCon 2016 Heroes of the Storm Tournament Rules and Regulations

The Tournament is a team based competition, with a group of no less than five (5) Eligible Participants making up a "Team." The members of a Team shall be designated by one (1) Eligible Participant for each Team who operates as the "Team Captain," and who invites other Eligible Participants to join the Team. Each Team may also invite up to one (1) additional Eligible Participant to act as a substitute player for the Team. The Substitute player may take the place of another member of the Team if that Team member cannot attend a match. Substitute players must be Eligible Participants.

Tournament matches shall consist of two (2) Teams competing in a 'best of 3' Game competition. Matches will take place online on Blizzard's Americas Battle.net server, utilizing Game in Custom, game mode, and 'Standard,' lobby mode. To determine the hero picks, the game admin will flip a coin for a captain to call in the air. This will determine which team picks first for the first round. Each consecutive round will be loser first pick. The Eligible Participants that make up both Teams to a match will be able to select from any heroes that are available to them on their Battle.net accounts. In order to play a match, each Team must have five (5) Eligible Participants who have been registered by the Team Captain as Team Players, or as a substitute player for the Team, present in a Game lobby no later than twenty (20) minutes after the match time set by Sponsor. The first map for each round will be communicated on the bracket page or by Tournament administrators before that round of Tournament play begins. After the initial game of a match is played, the losing Team will be allowed to choose from any remaining Game maps for the next game in the match, or may instead choose to have first Hero pick and their opponents will receive which ever option the losing team does not choose This will continue until one of the Teams wins two (2) games, at which time the Team that wins two (2) games is then determined to be the winner of the match for all Tournament matches

other than the Tournament matches that take place during the Tournament Finals, where the first Team to win three (3) games in a match will be determined to be the winner of the match.

Eligible Participants who are registered as a substitute for a Team may play in any game in a match. Each Team may only have a maximum of one (1) eligible substitute that do not have a position on any other Team in the Tournament

Should a Team not have five (5) Eligible Participants on its roster present twenty (20) minutes after the set match time, that Team will forfeit the match.

The maps will be chosen by the Team Captain who does NOT have first Hero Pick. The maps for each round will be chosen as such.

Round 1:

Dragon Shrine
Garden of Terror
Haunted Mines

Round 2:

Sky Temple
Blackheart's Bay
